

# MINIONS CARNIVAL CHAOS

## Bring fun and familiarity to your game room!

Minions Carnival Chaos will entice players young and old to want to give it a spin!

Join Kevin, Stuart and Bob as they embark on their journey around the wheel. This beloved license is popular across all age groups, creating multi-generational appeal to anyone that steps foot through your doors. Players crank the handle to skillfully spin the drum, giving it just enough force to land on a big bonus!

Maintaining a small footprint, the new Minions Carnival Chaos includes an eye-catching marquee that incorporates an interactive HD TV. Choreographed LEDs line the wheel so when it spins, the excitement grows even more!

This product has been updated to make maintenance a breeze! It's no longer necessary to remove the wheel to service; instead, simply tip the hinged-wheel housing out through the back door. The arrow sensor is accessible through the front door. Plus, back casters have been added so the game can be leaned back and moved with ease.

Dimensions	
Width: 2'7"	79cm
